

Premium Galvanised Mobile 1 Compartment Feed Bin Large

Reference: PGBFB2

£225.00

Premium Galvanised Mobile 1 Compartment Feed Bin Large Our Premium Galvanised Mobile 1 Compartment Baby Bin Large are manufactured to the highest of standards using only the best materials. They are made at our workshop, using state of the art CNC lasers and machines, arriving fully assembled* and ready for use! Total Capacity - 400 Litres Weight - 35kg Features Galvanised Steel construction, with stainless steel hinges Fully riveted, robust and rigid construction Safety edges on both lid and each compartment Safety lid stay - supports lid and ensures it stays open! Solid base, keeping contents well away from damp/dirty floors Rodent proof and corrosion resistant Fully assembled and ready to use Locking lid with two keys Rubber wheels (two of which are lockable). Perfect for use in the yard or at shows! These feed bins are far superior to other inferior products, many of which are 'flat-pack' and/or have been constructed using very thin metal, resulting in a flimsy and poor quality product that will quickly deform. This feed bin is made using 16swg galvanised sheet - 80% thicker than 20swg which is commonly used by other manufactures. We also 'double fold' our edges - this not only adds strength and robustness, but also a very important safety feature should you accidentally close the lid on a finger! Dimensions Height 57cm (67cm inc. wheels) Width 115cm Depth 62.5cm *we remove the wheels prior to dispatch for ease of packaging/transportation - these are very easily screwed back into place. Option to add identification plaque Many of our customers have asked us to make Identification Plaques for this item. Potential reason for identification Helps to identify your horse's locker, could be your name or to identify the items inside. Provides an identity for the locker / cabinet so that other riders / users don't access it! Provides a professional image to the item and stabling area. Can also be used to identify the type of feed stored inside this item. Label the feed compartments to ensure the right feed is emptied into the correct compartment! Prevents accidental theft of your feed or items inside. Main features of the plaque Made for High density white Acrylic and laser written with black text. The Plaque size

is 120mm wide x 75mm high, 1.6mm thick. Has a strong self-adhesive contact backing for you to apply to the item in the position of your choice. Once selected we will contact you for the name / text required. Additional quantities can be made if required and larger plaque sizes are available upon request.
