

## Lister Liberty Clipper (Popular Pack)

Reference: S0610

**£450.00**

The Lister Liberty is the latest battery powered Horse Clipper. Developed from the widely popular Showman, the Liberty runs off a 12 volt battery mounted on a waist belt. It's lightweight, compact and provides good accessibility in confined areas. It is also quieter than many mains machines. The new 3 hour NiMH battery pack can be topped up at any time because it has no memory effect. The Popular Pack comes in a heavy duty carrying case with one set of blades, belt, battery pack and charger. The Liberty range includes: The Popular pack with rechargeable battery on a belt The Yard pack with an additional mains adaptor so you can keep going whilst a battery is charging The Field Pack with vehicle leads instead of the mains adaptor. You can use a (12 volt) vehicle battery when there's no mains electricity Clipper Only comes with Blades only and no power supply
