

# Petrol Generator 6.6kW/8.25kVA - 115v/230v Long Run Tank with Elec Start

Reference: DHB111

**£1,173.64**

Petrol Generator 6.6kW/8.25kVA - 115v/230v Long Run Tank with Elec Start Features include Large 6.6kW maximum output for industrial power supply Powered by a heavy duty Hyundai 15hp 4-stroke petrol engine Portable unit with large wheels and wheelbarrow-style handles for easy movement The functionality of both recoil and electric key starting for easy fire-up Standard sockets with 110v and 230v outputs Large 22L fuel tank for extended running times Benefits include With a large 22L fuel tank, the HY9000LEK is able to run for up to 15 hours before refuelling is required depending on the load applied. This is a massive convenience for users who require the machine to perform for hours at a time during the working day The wheelbarrow frame in which the generator is housed in enables one user to easily transport this 85kg unit, with the large wheels designed specifically to make moving the generator from one location to another an easy task One of the standout features of this petrol generator is the digital display panel which provides important information on the performance of the generator, including the voltage output, Hertz and hour usage As with other petrol generators in the Hyundai Power Equipment range, the HY9000LEK benefits from the option of recoil pull and electric start functions, leaving the user in control of how they wish to operate the generator Specification Gross Weight (kg) 86 Engine Type 4 Stroke OHV Power Output (hp) 15 Number of Cylinders 1 Displacement (cc) 420 Cooling Method Air Cooled Speed (rpm) 3000 Speed Regulation Type Mechanical governor Alternator Type A6L Voltage Regulation Method AVR Power Factor (cos<sup>φ</sup>) 1 Rated kW 6 Max kW 6.6 Max/Cont Current (a) 28.7/26 Voltages - VAC 115/230 Frequency (Hz) 50 Meter/Display Functions Digital Connection Method (VAC/a) Sockets - 2 x 115V/16A, 1 x 230V/16A Starting Method(s) Electric/Recoil Remote Start Function? No Fuel Type Unleaded Fuel Tank (L) 22 Battery Type (v/Ah) 12/14 ATS Port? No Low Oil Shutdown? Yes Noise Level db (A) 96 Noise Level db (A) @ 7m 72 Box Dimensions L x W x H (mm) 780 X 570 X 575 Machine Dimensions L x W x H (mm) 770 x 560 x 565 Net Weight (kg) 83 Wheel Kit? Yes Video Demonstration
